Flow Chart for Planning
“Helping Mother Nature”
Week 3: Proposal
Week 3: Set up Wiki w/ tools & links for collaboration
Week 4: Project Sketch Below are each of the components that need to take their own page on our wiki
-Big Idea (in wiki)
-Essential Question (in wiki)
-The Challenge (in wiki)
-Guiding Questions (in wiki)
-Guiding Activities
Each group member needs to come up with an activity & digital resources (below) to go along with that activity (in wiki)
-Guiding Resources (in wiki)
Week 6: Creating a Multi-Media Product which includes video, audio, image & text
Multi-media product that explains the Big Idea, Challenge, Research, Actions (from the Guiding Activities) and your proposed solution.
This final product should be able to be embedded on your wiki
End of the PBL Project
